

pricing **BREAKDOWN**

Our shows start at two forty-five minute assemblies with travel fees, wait fees, and additional shows added.

SHOW PRICING

Writing Show: \$1,464.50 + 469.65 for each additional show

Writing Workshop: \$1,414.00 + 454.50 for each additional show

DEPOSIT

A \$750 deposit is due 30 days after the contract and invoice have been sent. This deposit covers everything that happens before the day of the assembly - booking your show, contracts, invoices, reading your story packet, adapting stories for performance, actor rehearsals, etc. It is non-refundable. The final balance for the total assembly is due one week before the scheduled performance.

TRAVEL FEE

A Travel Fee of \$5/mile round-trip is applied to all bookings. The distance is calculated from Fullerton, CA. Due to rising gas prices, we need to make sure our actors are being paid for their travel time and not losing money in the travel process. For schools over seventy-five miles from our office, an additional \$300 Hotel Fee is incurred.

WAIT FEE

There must be an hour between the start of each scheduled assembly - they run forty-five minutes long plus a fifteen minute turnaround (ex. 9:00A, 10:00A, 11:00A). If the start times of the assemblies are scheduled longer than an hour apart, a Wait Fee of \$2 will be applied for each additional minute (ex. First assembly starts at 9:00A, the second one at 10:30A; thirty extra minutes = \$60).

CIRCUMSTANTIAL FEES

These are potential added fees that do not always apply. Some include: contract adjustments, rescheduling, or late payments.

DYNAMIC PRICING

If a requested date is already booked by three other schools, pricing is adjusted as we need to stretch our resources to accommodate an already full schedule.
